We offer three grants to participate free at the International Summer School in GIS, which will be organised by the College of GeoInformatics (**GEO**) at the University of West Hungary. For other details, please, visit the official website: www.geo.info.hu/giss

To apply for the grant we need your

- ✓ CV
- ✓ Motivation letter, describing your special field of research relevant to the Summer School
- ✓ Essay (20 pages) – it should be completed to final state during the Summer School

You can choose from the following topics for studying:

- Land administration
- Land tenure databases
- Modelling cadastral processes
- Land protection
- Land management
- Land consolidation
- Rural development
- Environmental protection and cadastre
- Utility management and land tenure
- Agricultural information infrastructure

Please send the requested application materials to giss@geo.info.hu .

About the decision we inform the applicants by e-mail.

For further details don't hesitate to contact:

Mr. Tamás Jancsó (t.jancso@geo.info.hu)

Mr. Péter Udvardy (p.udvardy@geo.info.hu)
