

**GIS in Land Management**  
*International Summer School*  
Székesfehérvár, Hungary, 14 – 19 August 2003

### Draft Programme

WG4: Lands and Mapping – Impact of the EU accession  
Gerhard Muggenhuber (BEV) - Gábor Remetey-Fülöpp (MoARD)

#### ***Key Aspects of Training***

---

***Basic Concepts:*** Legal frame, organizational settings, EU-approach to Land and Property Rights. Goal of EU for using land related information, EU-programmes like MARS and INSPIRE and the link to Cadastre. EU support and Cadastral projects

***Skills:*** Basic understanding of EU-Administration and Search Engines of EU-Organisations (Commission, Court of Audits, etc.)

***Practicals:*** The students will receive study cases from different countries and will be trained on exploring information provided by EU-related-webpages.
